## Information Note

The Jersey Competition Regulatory Authority (**the Authority**) plans to carry out a market study of the Jersey Freight Logistics market. The terms of reference for this study have been published on the Authority's website.<sup>1</sup>

To support the delivery of the market study, the Authority requires a Contractor to project manage, provide resources and lead the work on this study. The study will be run as an Authority project and the outputs of the project will be Authority branded.

The Authority expects the Contractor's staff nominated to provide the required service will have a range of experience and expertise. Overall, across the staff, the following skills and experience should be met:

- Experience of carrying out a market study and the challenges and issues associated with carrying out one.
- Knowledge of international experience of competition in Freight Logistics.
- Experience of working on freight market or other similar sector.
- First class analytical skills and the ability to identify, collect, analyse and interpret information from a wide range of sources to address potential market problems.
- Ability to deliver high quality, professional documents to tight timescales and in a form that can be made publically available.
- Strong communication skills and the ability to express complex ideas clearly and simply and engage effectively with stakeholders.
- Ability to challenge and critique peers and colleagues to ensure sound and robust analysis is undertaken.
- While previous experience of working on Jersey is not required, it is expected the Consultants will take due account of both Jersey's size and policy framework in developing the market study to ensure the approach is proportionate.

The tender process to select a Contractor opens on 21 July 2021 and closes on 18 August 2021. The Authority plans to appoint a Contractor in September 2021, with the project running to March 2022.
